Dear Mr. Westerbeck:

On May 21, 1991, our office received the submittal regarding the compliance schedule as required by section 3.12 of the proposed amended consent decree. The above referenced section requires DOE to submit, within sixty (60) days of discovery of new hazardous waste management units or hazardous waste not previously identified, a schedule setting timetables in which hazardous waste requirements shall be implemented.

After review of the submittal, our office concurs with the proposed schedule.

If you have any questions regarding this correspondence, do not hesitate to call.

Sincerely,

Michael J. Hayes
